

Post your photos on instagram @BayAreaRidgeTrail and see them on our website. #ontheridgetrail

Distance: 1.7 miles

From: South Vista Point To: North Vista Point

This famous span, begun in 1933 and dedicated in 1937, was built to carry automobiles and pedestrians between South and North Bay communities and is one of the world's most spectacular and visited sites. Today, a trip by foot, bike, or wheelchair offers visitors a good opportunity to understand Bay Area geography and the route of the Bay Area Ridge Trail.
