Explore the charm, seclusion, natural wonders, and historic and cultural variety of the Presidio. Stunning views await you on this short trip through forests and grasslands and along coastal bluffs, from the Presidio's south-central entrance to its northwest tip. You'll travel sidewalks along the Fort Scott segment and gently sloping unpaved paths elsewhere. Handsome Presidio signs identify the Bay Area Ridge Trail, the Anza Trail, and the American Discovery Trail on this interesting, informative route. Dress for possible coastal fog that often lingers until afternoon.
