Carquinez Strait, Bridge to Bridge Bike Route

From: Benicia Point

To: Benicia Point (Loop)

Length: 24 mile loop

Elevation Gain/Loss: 1,500 feet

Accessibility: Bicyclists

Experience both sides of the Carquinez Strait on this mix of road and pathways connecting both bridges and shorelines for a full 360 degree experience. This route includes plenty of rolling terrain and climbs with rewarding views of the bay. Explore the great diversity of environments this region has on offer including industrial historic towns, grasslands, forest, and marsh. End your adventure with several tasty choices of cafe's and eateries in quaint downtowns throughout the region.

This route is from the Solano Transit Authority. For this and more bike routes, visit [Solano County Bikerides](#).
